## Meet the Master Curator

ARZAN KHAMBATTA

Arzan, an architect-turned-sculptor, has spent the last three decades making a significant mark in the art world. One of his notable achievements is 'The Mughal,' his inaugural commissioned sculpture for the Jewel of India at Nehru Center. Since then, Arzan's sculptures have become iconic landmarks across Mumbai, from the north to the south, contributing to the city's rich artistic tapestry.

### The vision behind the masterpiece

When art is a foundation, who better than a true visionary, artist, and sculptor to be at the helm of transformation. Agami Eternity reflects Arzan Khambatta's vision of seamlessly integrating art into the fabric of daily life.

Art-inspired living is not just a theme; it's a lifestyle. The walls tell stories through carefully chosen paintings and sculptures scattered throughout the premises breathing life into the surroundings; inspiring residents and visitors.

Agami Eternity is more than a residential project; it's a testament to the belief that living spaces should inspire, elevate, and nurture the artistic spirit within.
